FREEDOM TO CHOOSE.

Next Level Apparel started with a simple but powerful idea...create a favorite tee crafted from superior fabrics in sizes and fits for real people and make it available in all the best colors at a value second to none. Next Level Apparel gives you the freedom to choose an inspirational t-shirt or sweatshirt worthy of your message or design, destroying the notion of the disposable garment.

In :2021 building on that foundation, you now have the freedom to choose from our festival collection of 5 exciting new women's styles, that flow and drape in sun washed colors with cutting edge sewing detail. We have added 2 new women's styles in larger, relaxed and flowy fits giving you the freedom to choose a range of comfortable garments made to fit everybody. You have the freedom to choose a made in the USA version of our 100% cotton and tri-blend basics and sustainable styles in organic cotton, recycled cotton and recycled poly. We have added the Power Tee collection, giving you the choice of a heavier fabric in the same side seamed fit and soft hand that you have come to love. With additions in size and color in tees and fleece your freedom to choose your favorite garment is now better than ever.

We're grateful for our huge following of loyal brands, decorators, designers and marketers. Continuing our successful growth in the US and our extended reach into Canada and Australia, we are excited to bring Next Level Apparel to the UK and EU markets.

I invite you to enjoy the :2021 version of Next Level Apparel and the freedom to choose a shirt that is made to inspire you. We look forward to seeing you at a tradeshow, festival, fun run, yoga studio or wherever you use and decorate your favorite shirt. We thank you for choosing Next Level Apparel.

Wear it. love it. sell it!

SOCIAL RESPONSIBILITY AND WRAP CERTIFICATION

At Next Level Apparel we are committed to the highest standards in every aspect of our business. Each member of our dynamic team is dedicated to delivering a superior customer service experience. We follow and adhere to the CPSIA (Consumer Product Safety Improvement Act) testing standards.

Our WRAP certified (Worldwide Responsible Accredited Production) factories are committed to the highest ethical standards of conduct and best quality practices. At Next Level Apparel we respect the rights of each individual and care for the environment.

Protection of the Environment

Our mission is to create a garment that destroys the notion of a disposable tee, and in turn, we try to minimize our waste as much as possible.

Reducing the use of plastic in our operations, our garments are supplied to our distributors without the use of additional plastic bags and wrapping.

Our manufacturers all comply with all applicable environmental laws and regulations.

Our Promise

In addition to being sweat shop free and child labor free, we take social responsibility to the next level in everything we do.
